

Call for Proposals

“The Flipped Classroom” — A Workshop for Faculty & Staff

Monday, January 14, 2013 (9:00 am to 3:30 pm)
UW-Whitewater

There has been increasing interest in what’s called the “Flipped Classroom.” Typically, “flipping” is considered to be the practice of using video segments to disseminate content-rich lessons outside of the classroom, thereby allowing classroom time to be used for interaction and hands-on activities. However, the flipped classroom model can take many forms and may also involve a wide variety of technologies and methodologies. Join your UW-Whitewater colleagues as we consider what it means (and does not mean) to “flip” a classroom and discuss the potential benefits and pitfalls of this practice. Particular emphasis will be on exploring methods for using “flipping” techniques to enhance student learning and engagement.

If you have used “flipping” techniques in your own teaching, please share your experiences and ideas with your colleagues – even if you have just experimented! We welcome presentation proposals that include best practices (based upon successes or failures), lesson samples, demonstrations, techniques, lesson evaluations, and/or Scholarship of Teaching and Learning research results.

This event is sponsored by the Learning Technology Center (LTC), the LEARN Center, and the College of Education and Professional Studies. Lunch and refreshments will be provided.

If you are interested in registering for this workshop as a participant, please contact Renee Pfeifer-Luckett, Director, Learning Technology Center to discuss your proposal topic (pfeiferr@uww.edu).

PRESENTER DETAILS

Sessions will likely be organized as panels lasting approximately an hour in length, including Q&A.

Who May Apply to Present? UW-Whitewater faculty and instructional staff.

How to Apply to Present: Please submit the following information:

- Your name, title, discipline, and e-mail address
- Presentation Title (10 word maximum)
- Presentation Abstract (100 word maximum)
- Presentation Description (500 word maximum)
- Emphasis of presentation: technology/technique demo, practical application, research study
- Media to be used and audiovisual equipment needed (if any)

Please submit your proposal to present by December 17, 2012, by filling out this online form: <http://geturl.uww.edu/1hw>. You will receive a confirmation that your submission has been received.

PROPOSED TIMELINE

Distribute RFP: December 3, 2012

Submission Deadline: December 17, 2012

Notification of Acceptance: December 19, 2012

Deadline for Presenters to Accept: December 21, 2012

Workshop Registration Deadline: January 7, 2013
